INFORMED CONSENT FORM

Skin Booster / “Youth Injection” – Identify Product

DRAFT: Not valid for clinical use before product verification, individualized planning and clinician counseling.

PATIENT DETAILS

Hasta adı soyadı / Patient full name: _____

Doğum tarihi / Date of birth: _____

Hasta dosya no / Patient file no: _____

Tarih ve saat / Date and time: _____

Klinik / Facility: _____

Procedure and method

“Youth injection” is a marketing category, not one standardized medicinal product. It may refer to injected hyaluronic acid, vitamins/peptides or other compositions. The clinician must document the exact formulation, intended route, authorized indication and injection plan.

Potential risks and complications

Pain, bruising, swelling, infection, allergy, papules/nodules, unevenness, delayed inflammation or discoloration may occur. Depending on product and anatomy, vascular injection can cause occlusion and tissue necrosis; facial injections rarely may cause visual loss.

Alternatives

No procedure; discuss skin care or other treatment options based on the actual formulation and indication.

Aftercare and emergency signs

Seek urgent help for disproportionate pain, blanching/mottling, vision changes or severe allergy. Follow aftercare advice.

Mandatory procedure-specific verification

Exact brand, manufacturer/composition/lot, route, depth, volume, indication and vascular emergency plan.

CLINICIAN MUST COMPLETE BEFORE TREATMENT

Exact product/device, manufacturer, batch and authorization: _____

Ingredients / concentration / dose / volume and route: _____

Anatomical sites, treatment plan and sessions: _____

Patient-specific risks, allergies and relevant conditions: _____

Procedure-specific emergency response and follow-up: _____

General safety information

Disclose medical history, allergies, infection, herpes, abnormal scarring, immune conditions, bleeding risks, medications, pregnancy/breastfeeding and previous aesthetic procedures. Do not discontinue prescribed medicines without medical advice.

Expectations, further sessions and emergencies

Results vary and symmetry, a specific outcome or durability cannot be guaranteed. Extra sessions, correction or treatment may be required and their benefits, risks and costs should be discussed separately. Severe allergy, breathing difficulty, vision change or unexpected intense pain needs urgent assessment.

Counseling and privacy

This document does not replace clinical examination and verbal counseling. Clinical photos are sensitive health information. Consent for advertising or social media use is separate and is NOT granted here.

PATIENT DECISION AND SIGNATURES

The actual planned treatment/product/device, potential benefits, uncertainties, material risks, alternatives and my right to decline have been explained in a language I understand. My questions were answered. I understand that outcomes are not guaranteed and that I may withdraw consent before treatment.
