Procedure and method

“Paris Glow” is not a standardized procedure or formulation; it may denote a proprietary mesotherapy/injection protocol. The exact products, doses and injection depths must be disclosed beforehand. A different formulation requires renewed risk assessment and consent.

Potential risks and complications

Injection pain, bruising, swelling, allergy, infection, pigmentation, granuloma/nodules, uneven appearance or insufficient effect may occur. Depending on formulation and anatomy, vascular injury/occlusion and tissue loss may be serious risks.

Alternatives

Decline treatment; discuss topical skin care or alternatives with clearly identified ingredients.

Aftercare and emergency signs

Seek immediate assessment for increasing pain, color change, fever, infection or any visual symptoms.

Mandatory procedure-specific verification

Every component brand/ingredient/dose/lot, administration depth, authorization documents and component allergies.

CLINICIAN MUST COMPLETE BEFORE TREATMENT

Exact product/device, manufacturer, batch and authorization: _____

Ingredients / concentration / dose / volume and route: _____

Anatomical sites, treatment plan and sessions: _____

Patient-specific risks, allergies and relevant conditions: _____

Procedure-specific emergency response and follow-up: _____

General safety information

Disclose medical history, allergies, infection, herpes, abnormal scarring, immune conditions, bleeding risks, medications, pregnancy/breastfeeding and previous aesthetic procedures. Do not discontinue prescribed medicines without medical advice.

Expectations, further sessions and emergencies

Results vary and symmetry, a specific outcome or durability cannot be guaranteed. Extra sessions, correction or treatment may be required and their benefits, risks and costs should be discussed separately. Severe allergy, breathing difficulty, vision change or unexpected intense pain needs urgent assessment.

Counseling and privacy

This document does not replace clinical examination and verbal counseling. Clinical photos are sensitive health information. Consent for advertising or social media use is separate and is NOT granted here.

PATIENT DECISION AND SIGNATURES

The actual planned treatment/product/device, potential benefits, uncertainties, material risks, alternatives and my right to decline have been explained in a language I understand. My questions were answered. I understand that outcomes are not guaranteed and that I may withdraw consent before treatment.
